## SUMMARY

---

Two and a half years. 23+ brands. Four industries. One consistent outcome: content marketing that grows numbers. I work across the full copy stack: SEO content, social, performance, long-form, scripts, and campaign concepts, adjusting voice and strategy to fit each brand without losing what makes them distinct. The metrics speak for themselves, but the work that sits behind them is what I'm here to talk about.

## WORK EXPERIENCE

---

### REDMATTER

Hyderabad, TG

Copywriter

Mar 2026 – Jun 2026

- Developed performance copy and social media assets across FMCG, lifestyle, and services verticals. Adapted tone, format, and CTA strategy per platform and campaign objective to drive lead generation outcomes.
- Pitched creative concepts to clients including a leading cookware brand, taking ideas from brief to final approved execution across campaign rollouts.

### GENY MEDIUM

Hyderabad, TG

Content/Copywriter

Dec 2023 – Feb 2026

- Grew organic traffic by 1,409%, users by 1,255%, and impressions by 6,392% for a Saudi transportation brand by developing a consistent pipeline of keyword research-led, SEO-optimised long and short-form content from scratch.
- Took a group of educational institutions from 400,000 to 600,000 monthly organic visitors (50% growth) by owning the entire content lifecycle: strategy, writing, SEO, and publishing.
- Managed 24+ monthly content calendars across 10+ brands simultaneously, producing social media copy and campaigns that delivered 35% average follower growth and 20% higher brand visibility.
- Wrote across formats (blogs, website copy, ad copy, email campaigns, social posts, and scripts) for brands in healthcare, real estate, education, and B2B tech, maintaining distinct brand voices throughout.
